

# **ACCESSIBILITY STATEMENT for**

## **BRIDSTOW PARISH COUNCIL**

To comply with current accessibility regulations would be a disproportionate burden on the Council for the following reasons:

- 1.** Bridstow Parish Council has limited resources, and serves a small parish.
- 2.** There would be an initial financial cost and subsequent ongoing costs, which would have to be met by increasing the precept.
- 3.** The current accessibility of the site has not resulted in requests for further accessibility by any person with physical disabilities.

Therefore after assessment it was decided that at the present time, the Parish Council would leave the website as it is, with regular reviews.
